PROFESSIONAL SUMMARY

B.Tech Computer Science student with hands-on experience in Java, HTML, CSS, JavaScript, SQL, and MySQL, with a strong foundation in object-oriented programming and web development. Currently expanding my skills in Machine Learning and Microsoft Azure Machine Learning while building AI-powered applications and strengthening my problem-solving abilities. Seeking a Software Engineering Internship to contribute to scalable products and continue learning modern software development practices.

EDUCATION

Bachelor of Technology in Computer Science & Engineering	2024 – Present
<i>Pranveer Singh Institute Of Technology, Kanpur, Uttar Pradesh CGPA: 8.18</i>	
Class XII (CBSE)	2022-2023
<i>Delhi Public School, Lucknow, Uttar Pradesh Percentage: 88%</i>	
Class X (ICSE)	2020-2021
<i>St. Joseph College, Lucknow, Uttar Pradesh Percentage: 90%</i>	

PROJECTS

KRISHIONE	2026 – Present
<i>AI-Powered Smart Agriculture Platform</i>	
- Developed a full-stack platform providing AI-powered crop recommendations, weather-based advisory, digital marketplace, and government scheme information for farmers. - Built responsive frontend interfaces and integrated REST APIs with Firebase to deliver personalized agricultural insights.	
<i>Technologies Used:</i> HTML, CSS, JavaScript, Node.js, Express.js, Firebase, REST APIs, Git, AI Integration	

COMMUNITY HERO

2026
<i>AI-Powered Hyperlocal Civic Issue Management Platform</i>
- Developed a web-based platform that enables citizens to report local civic issues while using AI-based prioritization to automatically rank complaints based on severity, urgency, and community impact. - Built a responsive dashboard for issue reporting, complaint tracking, and category-based management, helping authorities identify and address high-priority problems more efficiently.
<i>Technologies Used:</i> HTML, CSS, JavaScript, AI Integration, Git, GitHub

SKILLS

Technical Skills: Java, Python, HTML, CSS, JavaScript, SQL, MySQL, MongoDB, DBMS, UI/UX Design, Git & GitHub, Data Structures & Algorithms, Object-Oriented Programming, APIs, Backend

Soft Skills: Problem Solving, Communication, Team Collaboration, Time Management, Adaptability, Critical Thinking, Analytical Thinking, Leadership

CERTIFICATES & ACHIEVEMENTS

- Microsoft Azure for AI and Machine Learning
- 500 to 1000 difficulty rating by CodeChef
- Developing Websites and Front-Ends with Bootstrap
- Project: Generative AI Applications with RAG and LangChain
